

Technical drawing of a window sill cross-section. The width is labeled as 110mm. The height is labeled as 'To Suit Sill Height (min 65mm)'. The drawing shows a cross-section of a window frame with a diagonal line indicating the internal structure or insulation.

The 100ARTDi features our 100mm wide premium architectural style grate.

For sliding and Hinged doors.

Featuring a linear stainless steel grate with concealed channel section connecting sill and sub-sill for door tracks and thresholds.

Allows door sills to be drained while having internal and external floor surfaces with no step down.

Please be aware that depending on the installation environment, for a pool installation or close to a surf beach, you may need to have your stainless steel grates electropolished.

## SPECIFICATIONS + DIMENSIONS

<b>Channel Width</b>	110mm
